I Helped Save a Life

This page will honor two different kinds of heroes—living donors who give an organ, bone marrow, or part of an organ to save another American’s life, and those who support them in their efforts.

Starting in January 2015, we will list here heroes of both kinds who are willing to be listed.

- 1) Living Donors who donated with help from the American Living Organ Donor Fund.
- 2) Financial contributors who donated \$1,000 or more.
- 3) Businesses that have gone into partnership with the ALODF to provide services for living donors at reduced rates.
- 4) Other special contributors whom the ALODF staff wish to honor.

Living Organ Donors the ALODF has helped as of April 1, 2015 who are willing to be listed –Total Transplants they Made Possible: 84
